'The Road Not Taken'

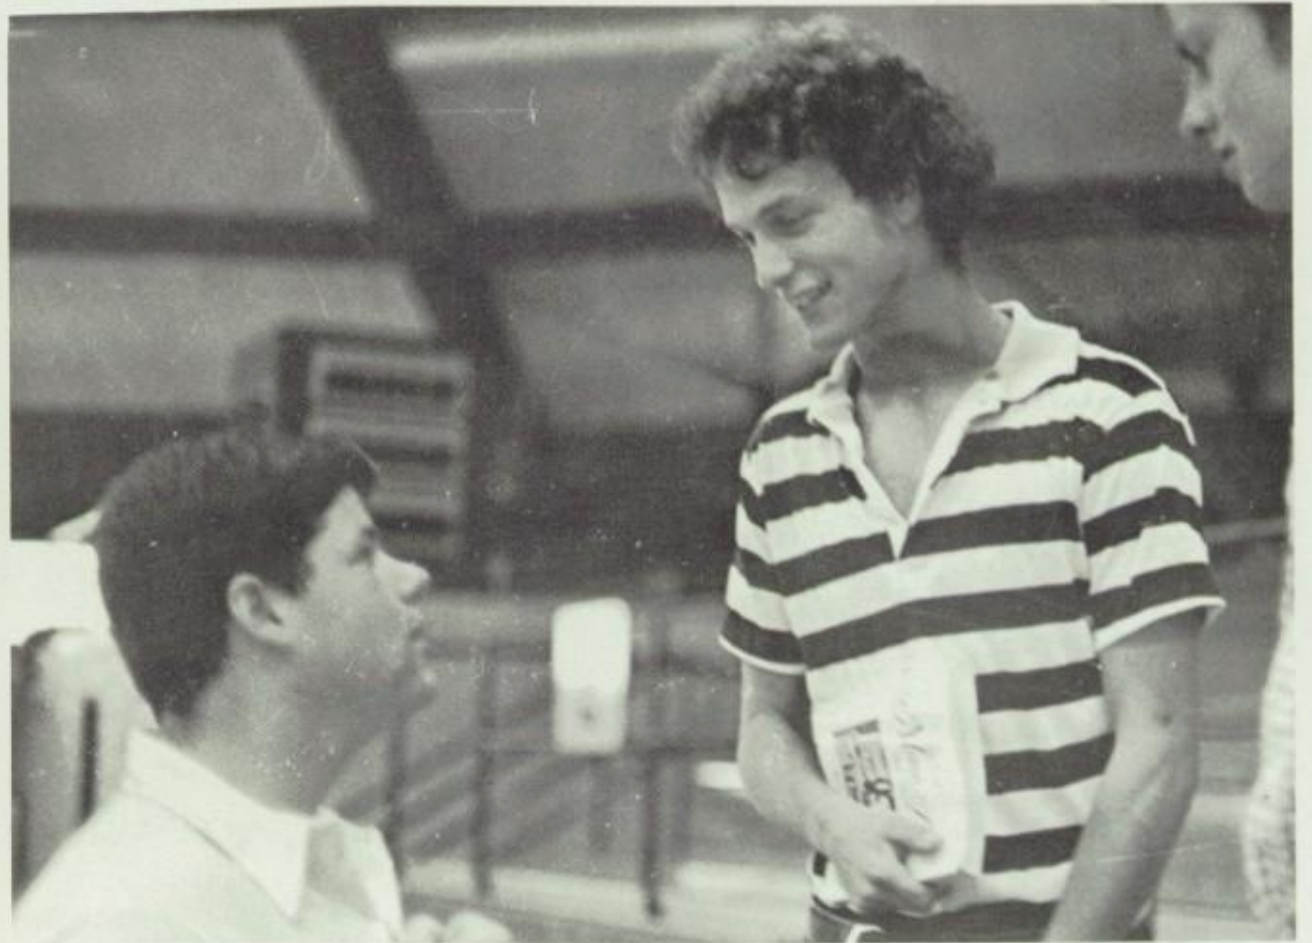

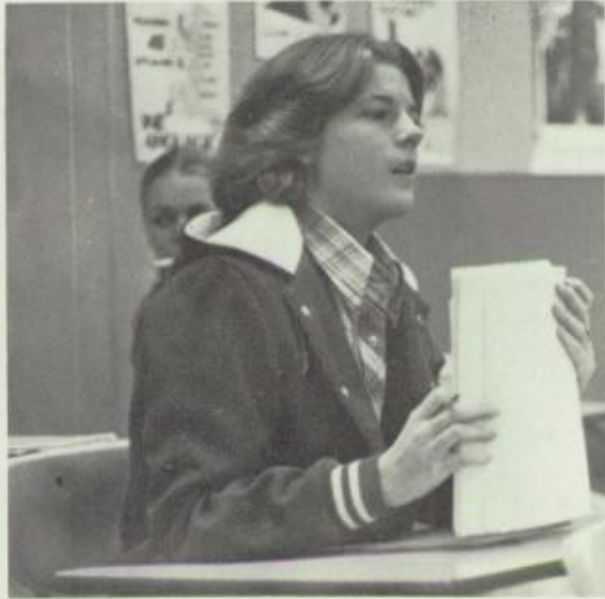

Two roads diverged in a yellow wood,
And sorry I could not travel both

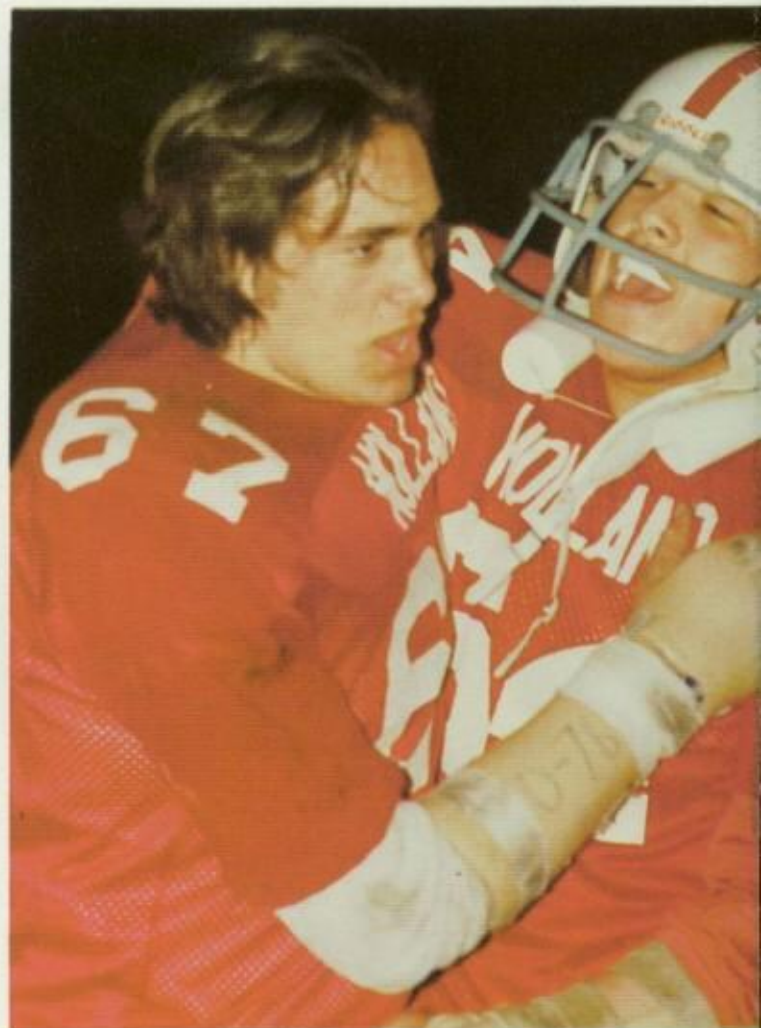

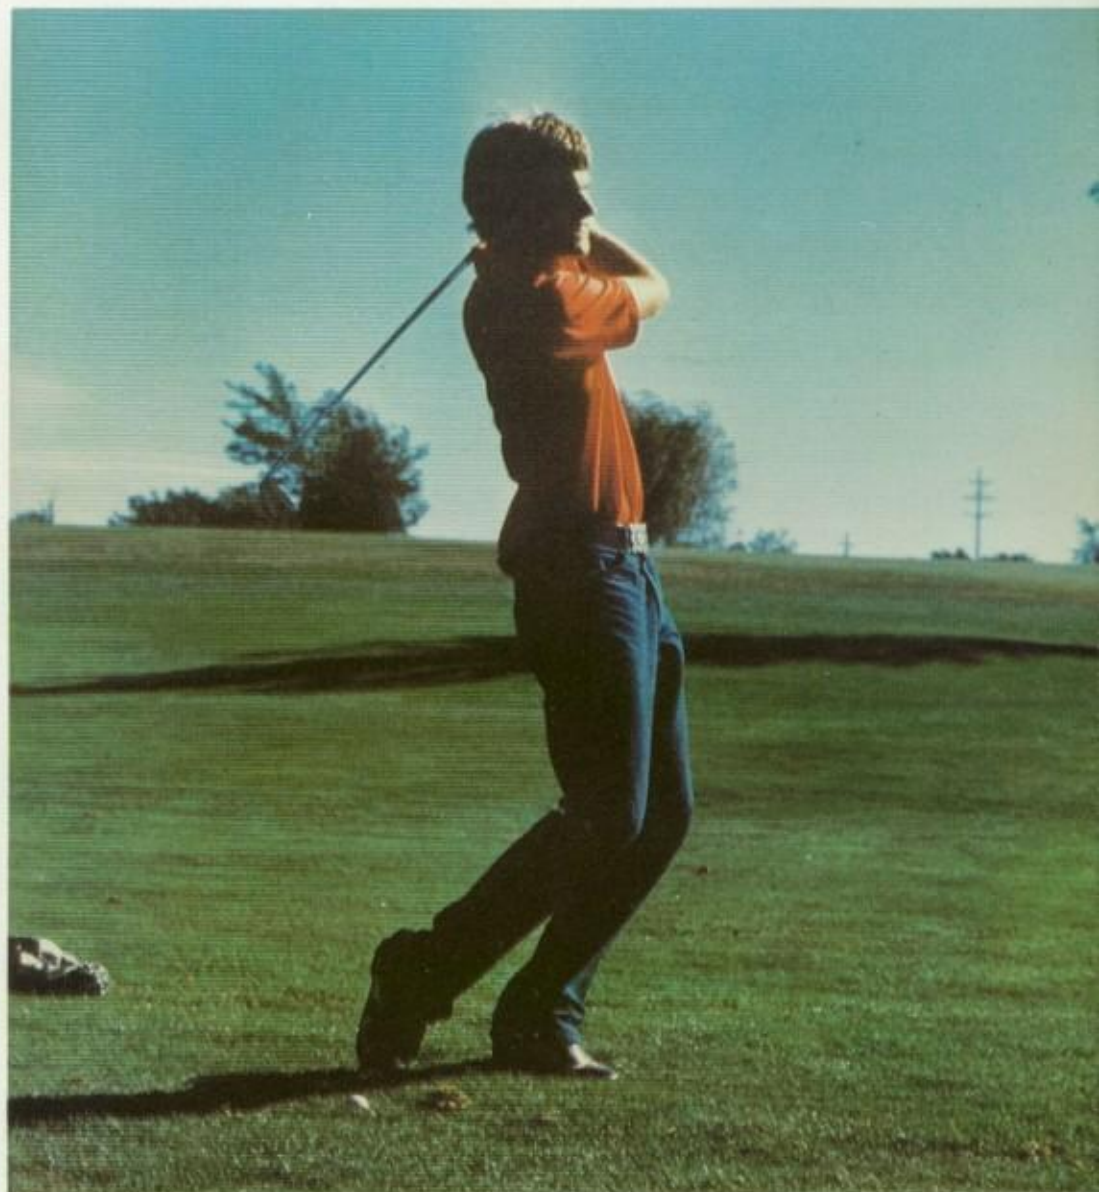

And be one traveler, long I stood
And looked down one as far as I could

To where it bent in the undergrowth;

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;

Though as for that
The passing there
Had worn them
Really about the same,

A Visit From Santa

. . . Christmas Week

We have found that no matter how many pages we put in this book, there will be something you think should have been included. For that reason these pages contain a blank layout with space allowed for photos and copy, but without the actual pictures and words.

If there was something you wanted, but not included in the book, here's your chance to do something about it . . .

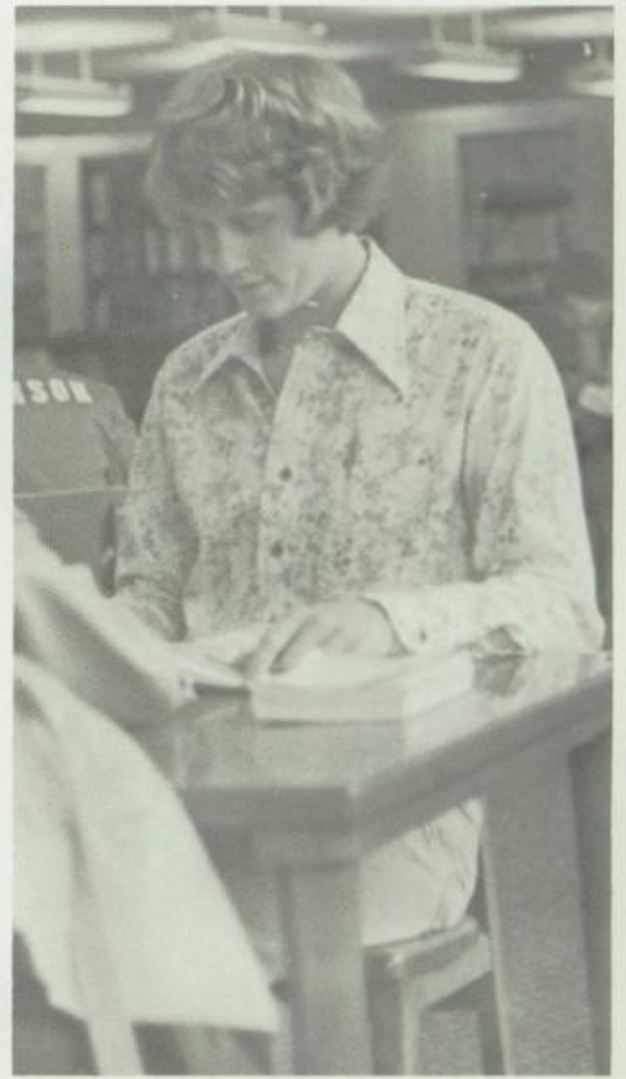

Put a picture here . . .

and another . . .

some copy here . . .

maybe another picture here . . .

and copy for it here.

This winter, **Mr. Fred Bertsch**, Holland High School's principal, presented his resignation to the Board of Education. After fourteen years of service as the head of our school, he is leaving the administration. After this school year, he hopes to continue teaching for several years.

Mr. Bertsch has been employed by the Holland Public Schools for twenty years. During the first five years, he taught mathematics at the high school. Because so much of Mr. Bertsch's life has been involved with the school, he says, "I leave with mixed emotions." Feelings of nostalgia, sorrow, and pride arise as he looks back. On the other side of the coin, there is also a feeling of relief. Mr. Bertsch realizes that it is his turn to move aside for he believes that "no one is indispensable."

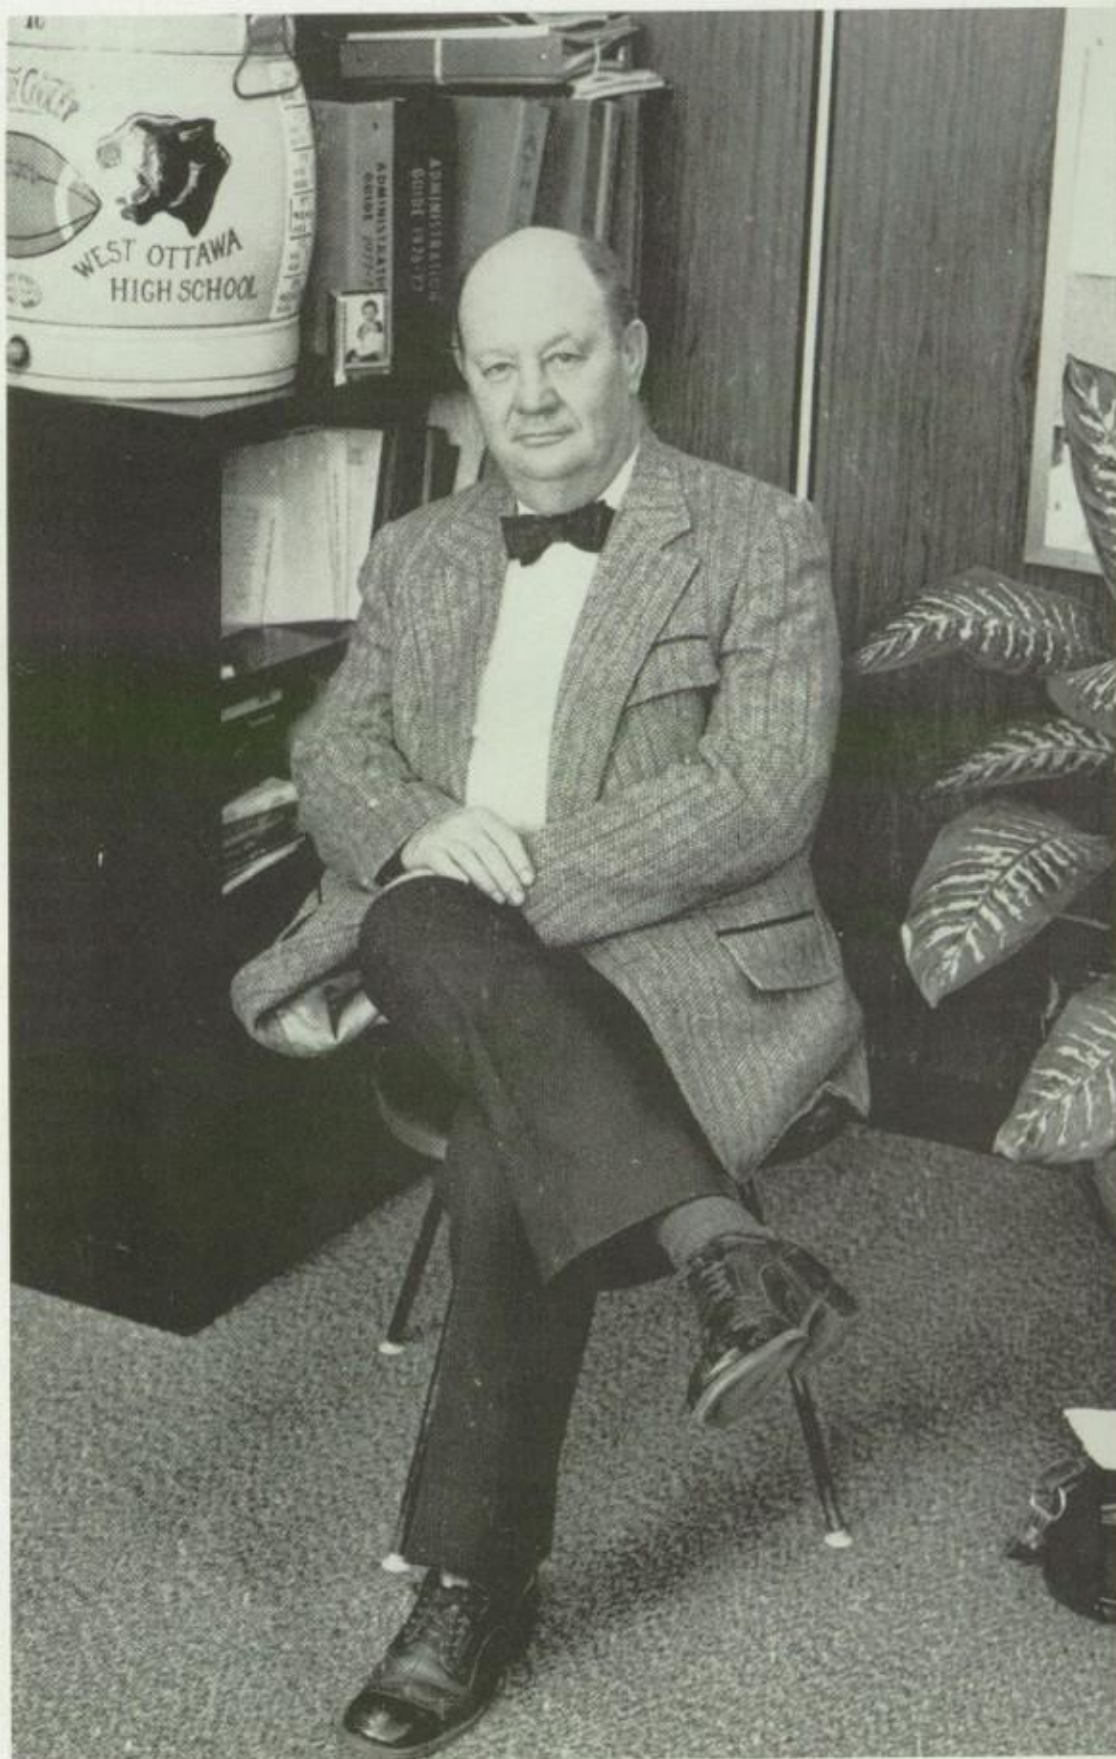

In 1964, Mr. Bertsch succeeded Mr. Jay Formsma as the head of the liberal new high school that Holland High was at that time. He led the school through the "turbulent '60's" and is proud of the way we have held together. He has seen many changes take place from the time when there were no offices and no synchronized clocks to the present, with the intercom system and improved physical education facilities.

On the lighter side, he recalls dressing up as Santa Claus every Christmas and passing out candy. Most seniors must remember the pep assembly when Mr. Bertsch and various other clad themselves as cheerleaders and showed us some school spirit. He again displayed his school spirit during February Fling Week by getting a pie in the face for St. Jude's Children's Hospital.

Mr. Bertsch looks forward to the opportunity to teach and to pursue his hobbies to a greater extent. He is a qualified instructor in math, social studies and English. His personal interests, which he hopes to have more spare time for, are hunting, fishing and reading.

We would like to wish Mr. Bertsch luck in the future as a teacher and thank him for his years of service as a principal.

— Dave Trask

Mr. Fred S. Bertsch, Jr.

It's been a long year . . . however, among all the problems, deadlines, "Pinhead" photographers, and misplaced pictures, it all came out first class.

We have learned a lot throughout these nerve racking nights, if not how to stay up until 6 a.m. and be to school for first mod to prepare for a speech during fifth mod. We have also enlarged our vocabulary. Many of the new words learned are: "Pinhead," "Bonehead," "Airhead," "Wad," etc., along with, "We give you a good job, make it easy for you, and what do we get, nothing but a kick in the head."

To thank each and every person would take up the whole book, so instead, we thank all those who helped in any way (you know who you are).

Also without the donations from the class of '77 and the U.S. Navy, we might have had a harder time. We thank you all, with love and kisses (that includes you Jill and Bob).

Somewhere ages and ages hence:
Two roads diverged in a wood,
and I —
I took the one less traveled by
And that has made all the
difference.”
